AVE MARIA COMPATIBILITY REFERENCE

TABLE OF CONTENT

This document is meant to be a reference on the mod AVE MARIA, the very consise acronym of A Very Extensive Modification for Appropriate Realism and Improved Authenticity.

The mod's objective is to adapt Crusader Kings 3 with more contextually accurate mechanics and events as is humanly possible within the limits of engine, modding and gameplay and as such modifies vanilla files to a great extent as is detailed further below.

It is valid for Vanilla Crusader Kings 3 v.1.3.1 and AVE MARIA v.0.2-alpha.

Version	Date	Description	Author
1.0	26/04/21	Initial Draft	Atreides
